Packages Used by CAD:

qcc, ggplot, zoo, dplyr, moments

CAD Function Calls:

```
cad

    anomaly_finder

        training_data_finder

            normality_finder

            checker

            parameter_finder

        evaluate_cusum_results

            find_turning_points

            find_intervals

    result_plotter_X
```
